Subject: Status of Materials from Superfund for Congressman Amodei Meeting

Rusty –

Please let me know if you will be able to send me the Superfund Division materials for the Congressman Amodei meeting on Wednesday, September 21st at 10:00am **by noon today**.

I am expecting materials from you on Anaconda/Yerington and Nevada Brownfields (Mindy told me that Nova has already shared with you).

I have the updated Eureka Smelters fact sheet, so no need to resend.

I looked back in the folder of materials from last year's planned meeting (which was cancelled) and we had a one-pager on Rio Tinto and Carson River, but not sure if we are planning to include for this year's meeting.

It would also be good to know who from our Superfund Senior Management Team is planning to attend the meeting with the Congressman and whether Enrique will be able to join, or if he will be in Nevada this week. Dan Meer let me know he could attend if asked. Please let me know. Thanks.

Brent Maier
